We Answer with Quality

WHY CHOOSE QUALITY ALUMINUM PRODUCTS?

QAP manufactures a full line of aluminum and steel products including aluminum siding, soffit, fascia, trim coil and rain carrying products.

Three important factors rank Quality Aluminum as a leader in the building products industry. Most important is our product quality: we manufacture residential and light commercial products to the highest industry standards. With a large selection of products and our wide range of designer colors, we can assure your home will stand above the rest. Second is our competitive pricing: we strive to sell a high quality product at a fair market value. Last is our exceptional, second to none service. We can tailor our service to meet your specific needs, less than carton quantities, custom bending, special orders and convenient delivery or pick up options.

We take pride in our business and are dedicated to our partners and our many loyal distributors who value our strong commitment to the industry. If you demand excellence in product, pricing, and service – choose Quality Aluminum Products.

Please contact customer service at 1-800-550-1667 or QAPCustomerService@Gibraltar1.com.

Quality Aluminum Products is a manufacturer of residential aluminum and steel building products.

WHY VENTILATE?

A balanced ventilation system should be a priority. With this system, wind flowing over the roof ridge creates low pressure and draws warm air from the attic. Cool air enters through a properly vented soffit system cooling the roof and exiting through roof, gable or ridge vents. Even on calm days the natural ability of rising warm air maintains a continuous airflow all year with no energy consumption or mechanical parts. Building code requirements of ventilation or net free area (NFA) — the total unobstructed area through which air can enter or exhaust with a non-mechanical ventilation system — are as follows:

Minimum NFA of one square foot of ventilation for every 150 sq. ft. of attic floor space.

OR

Minimum NFA of one square foot of ventilation for every 300 sq. ft. of attic floor space if the following two conditions are met:

1. No less than 40% and not more than 50% of the required ventilating area is provided by ventilators located in the upper portion of the attic or rafter space (within 3 vertical feet of the ridge or at the ridge); and the balance of the required ventilation is provided by intake vents in the bottom one-third of the attic space.
2. In Climate Zones 6, 7 and 8 a Class I or II vapor retarder is installed on the warm-in-winter side of the ceiling.

Note: QAP and Gibraltar Building Products recommends a balanced amount of intake and exhaust NFA whether following the 1/150 or the 1/300 ratio.

Everyday activities in your home can cause major problems for your roof and attic. Proper ventilation is the key.

In cold weather, warm moist air can be generated by simple home activities such as showers, laundry and cooking.

In warm weather, heat build up can occur causing premature aging of wood structure and roofing materials. Heat also transfers back into your living space reducing the home's energy efficiency.

The following matrix shows our NFA soffit values placing Quality Aluminum Vented Soffit as a leader in the industry.

(Always confirm specific requirements with local building codes)

DECK FLASHING

EFLEDGE1

DECK LEDGER FLASHING

SS Stainless Steel

CARTON CONTENTS

- 10 Pieces • 10 Ft. Lengths
- 40 Lbs.

- Failure of the house to ledger connections accounts for 90% of all deck failures.
- Most of those failures are due to lack of proper flashing.
- Water intrusion leads to dry rot, connector corrosion, mold and ultimately ledger failure.
- The joint between the deck and house should always be protected from water intrusion.
- Deck collapses are increasing at an average rate of 20% per year causing injuries or death.

EVERFLASHING IS THE LAST DECK FLASHING YOU WILL EVER NEED!

Everflashing was developed to greatly reduce the possibility of water intrusion. It has been ranked #34 in Building Products Magazine's "Top 100" decking products for 2010. When used as part of a complete deck flashing system, Everflashing's perimeter flashing is designed to allow decking products to expand and contract, while maintaining a clean, finished perimeter edge. Designed for use with treated lumber or salt water applications.

Contact us for more information on Everflashing when you begin your next deck project.

CUSTOM BENDING

NEED HELP WITH A SPECIAL BENDING PROJECT?

Quality Aluminum Products can make complicated bending projects easy with our CNC Metal Folding System located at our Hastings facility.

It can handle aluminum or galvanized material in a variety of colors and gauges. Highly accurate and repeatable bends are achievable utilizing the system's automatic back gauging, clamping and bending in lengths up to 12'.

Contact us so we can quote that special project.

FREIGHT, RETURNS, SPECIFICATIONS, & WARRANTY

FREIGHT AND TRANSPORTATION POLICY

Please contact your account manager or outside sales representative for updated freight rates, shipping zones, or other shipping options. Minimum order requirements and freight charges are subject to change.

1. All merchandise will be shipped via Quality Aluminum whenever possible and will be shipped at our discretion.
2. The use of a Common Carrier service or Quality Aluminum will be at the discretion of the shipping department in accordance with sound shipping practices.
3. Orders are due 72 hours prior to the customer's load date to ensure proper shipping scheduling.
4. Freight charges for all shipments that do not meet the minimum requirements for a prepaid shipment will be added to the invoice as 'Freight Charges'.
5. A fuel surcharge may be added at our discretion if necessary.
6. Valid back order items (less than 90%) will be shipped prepaid on our truck with the customer's next order.

WARRANTY See www.QualityAluminum.com for details.

COATING SPECIFICATIONS

COATINGS:	Dura Coat XT-20 single coat. Baked on polyester, coated over prime coat.
GLOSS:	8 to 14 on 60 Degree Digital Gloss Meter. ASTM Test D523-80
FLEXIBILITY:	No removal of finish with 610 Scotch Tape on @T Blend. ASTM: D-4145-83 PVC: No removal of finish with 610 Scotch Tape on OT Blend. ASTM D 0-4145-83
PENCIL HARDNESS:	F-2H Eagle Turquoise - ASTM D-3363-92A PVC: 2B Eagle Turquoise - ASDM D-3363-92A
ADHESION:	Excellent. ASTM D 4146
IMPACT:	No visual cracking or finish release when subjected to impact in inch pounds equal to one and one half times the metal thickness. ASTM D2794-93.
HUMIDITY RESISTANCE:	No loss of gloss, cracking or peeling after 500 hours @ 100% relative humidity. ASTM D 2247-86A.
SALT SPRAY RESISTANCE:	No under-cutting of film from edges in excess of 1/16" or face blistering after 1,000 hours @ 5% neutral salt spray. ASTM B 117-85.
EXTERIOR EXPOSURE:	A. FADE: Max. 5 units after 10 years at 45° south Florida Exposure after removal of external deposits. ASTM D 2244-85.
B. CHALK:	Max. 6 units rating on all colors with the exception of white within 10 years at 45° south Florida Exposure. ASTM D 659-86.
DRY FILM THICKNESS:	.7 -.85 mils PVC 3.5-3.8 mils.
SOLVENT RESISTANCE:	100+ Double MEK rubs.

RETURN POLICY

Return policy subject to change. Emails will be sent to all customers with an applicable email address on file if a change should occur.

1. No returns will be accepted until a 'Return Material Authorization' (RMA) form has been processed and approved through the Sales/Service office.
2. All authorized returns will be subject to a 20% restocking fee and return freight charges where applicable.
3. Special orders, broken cartons, gutter coil spin downs, or damaged materials are not returnable for credit.
4. Credits will not be issued for materials purchased after 30 days from delivery date unless otherwise noted on the delivery paperwork.
5. In order to process your credit, it is necessary to provide your invoice number, sales order number, or purchase order number. Providing the delivery date is also helpful, but not necessary.
6. See www.QualityAluminum.com for terms and conditions.

SPECIAL ORDERS/CUSTOMER ORDERS

Upcharges will apply.
